5 OFFERED BENEFITS

- 5.1 Gopass programme members (Main users/Subordinate users) can make purchases at discounted rates by presenting their Gopass cards at Gopass acceptance points, at automated sales points (Gopass Tickets), and/or, in the case of the Main users, in the Gopass system at www.gopass.travel, at prices in EUR/CZK/PLN determined by GOPASS SE and its Business partners and valid at the time of purchase.
- 5.2 Discounted prices of Services for Gopass members are available at individual facilities where Services are provided and, in the case of online purchases via the Gopass system, at www.gopass.travel.
- 5.3 If a Gopass programme member holds an ISIC, ITIC, EURO26 or GO26 card and wishes to claim a Service discount specifically offered to holders of these cards, they must enter the relevant card number into their account at www.gopass.travel before buying the Service (before entering any regional or other discount code). This is because the ISIC, ITIC, EURO26 or GO26 cards are not one-time discount cards and they grant student status even if the members are of adult age. ISIC, ITIC, EURO26 or GO26 card numbers cannot be entered retroactively after the purchase, and their holders are not entitled to a discount on Services which are already purchased. If an accommodation provider arranges a Service purchase for an ISIC, ITIC, EURO26, or GO26 cardholder within the Gopass system at www.gopass.travel, the discounted Service prices meant for these cards cannot be applied.
- 5.4 If a Gopass member is a holder of a disability ID card or a card for persons with severe disabilities requiring assistance and wishes to claim a Service discount explicitly offered to holders of such cards, they must email a scanned copy of their disability card to info@gopass.sk / info@gopass.cz / info@gopass.pl before purchasing the Service. The discount does not apply to accompanying individuals. After sending the copy, the Gopass member will receive a confirmation or denial email specifying their eligibility for the discounted rate, sent to the same email address from which the card was sent. Once the Gopass member has received confirmation of their right to the discounted rate, they can purchase

Services in the Gopass system where applicable discounts are available. If a Service purchase is arranged for a disability card holder by an accommodation provider within the Gopass system at www.gopass.travel, the discounted rate cannot be applied.

6 GoX CASHBACK AND goX WALLET

- 6.1** GoX cashback is a rebate on the value (purchase price) of selected Services purchased by Gopass members via the Gopass system or at acceptance points of selected Business partners, which can later be redeemed as goX payment when purchasing selected Services via the Gopass system or at acceptance points of selected Business partners (hereinafter referred to as “**goX cashback**”).
- 6.2** The amount of goX cashback is determined for each Main user based on the value of selected Services purchased by the Gopass programme member (Main user) through the Gopass system and purchases of selected Services made for Gopass members (Main user and subordinate users) at acceptance points of selected Business partners.
- 6.3** Depending on the completed purchases of selected Services (online/offline), every Gopass member can reach different cashback levels. At each level, the Gopass member (Main user and their subordinate users) receives a specific amount of goX cashback assigned to that cashback level.

Cashback level	Amount of completed Service purchases (online/offline)	Level validity period
START	up to EUR 100 /PLN 450/CZK 2,500/including	without limits

SILVER	from EUR 600.01 to 2,500/PLN 2,701 to 11,250/CZK 15,001 to 62,500/including	1.11. of the respective year + 2 years*
GOLD	from EUR 2,500.01 to 10,000/PLN 11,251 to 45,000/ CZK 62,501 to 250,000/including	1.11. of the respective year + 2 years*
PLATINUM	more than EUR 10,000/ PLN 45,000/CZK 250,000	1.11. of the respective year + 2 years*

*The level validity period expires on 31.10. (at midnight).

- 6.4** The current goX cashback rate for each cashback level is published on the website www.gopass.travel. The amount of goX cashback for each level and the required purchase value may change periodically without requiring amendments to these Terms and Conditions. Gopass members will be informed of such changes well at www.gopass.travel in advance.
- 6.5** Regardless of the cashback level, every Gopass member earns exclusive goX cashback of 5% on the purchase value but only if booking accommodation services provided by selected Business partners online via the Gopass system or via TMR Hotels booking processes (<https://booking.tmrhotels.com>). The goX cashback rate may change periodically without requiring amendments to these Terms and Conditions, with changes communicated well at www.gopass.travel in advance.
- 6.6** Every Gopass member may earn additional exclusive goX cashback when purchasing Services for which cashback is offered by the operator and/or Business partners. The rate and conditions are determined by the operator and/or Business partners and specified in the specific terms and conditions applicable to such Services. In the case of earning additional goX cashback as per this GTC point, Gopass members are not entitled to earn regular goX cashback based on their cashback level on the Service where the exclusive cashback per this GTC point has been claimed.
- 6.7** As of the effective date of these Terms and Conditions, each Gopass member is placed in a cashback level which is determined by the operator based on the purchase value of Services made by the Gopass member (Main user and Subordinate users) by 31.10.2024 and displayed in the goX wallet of the Main user.

- 6.8** From the effective date of these Terms and Conditions, every new Gopass member is automatically added to the START cashback level.
- 6.9** Every Gopass member can move to a higher cashback level within the respective level validity period once they reach the required level purchase value as defined in point 6.3, one day after reaching the required level. If the Gopass member cancels a contract pursuant to Article 10 of these GTC, the value of the purchased Service, now cancelled, will not count towards the required purchase value for that cashback level.
- 6.10** After their level validity period expires on 1.11., each Gopass member will be put to the level corresponding to the purchase value of Services made in the previous period, and the tracking of the purchase value (online/offline) will restart.

Example:

A Gopass member was put to the SILVER level on 1.11.2024. Between 1.11.2024 and 31.10.2026, they (Main user with subordinate users) spent EUR 3,000 on Services, which resulted in an upgrade to the GOLD level, and from 1.11.2026, the member remains at the GOLD cashback level.

A Gopass member was put to the SILVER level on 1.11.2024. Between 1.11.2024 and 31.10.2026, they (Main user with subordinate users) spent EUR 500 on Services, so the Gopass member will be put to the lower BRONZE level on 1.11.2026.

Earning goX Cashback

- 6.15** If any Gopass member does not present a valid, registered Gopass card when purchasing Services from designated Business partners at acceptance facilities, GOPASS SE and the respective Business partner reserve the right not to credit goX cashback for these purchases, not even retroactively.
- 6.16** The earned goX cashback (on purchases by the Main user as well as subordinate users) will be added to the Main user's goX wallet one day after using the purchased Service. For Services purchased at gastronomy establishments, goX cashback will be added one day after the payment, and for hotel stays, goX cashback will be added based on point 6.5 GTC one day after checking in, and goX cashback according to the cashback level will be added one day after checking out. GOPASS SE and its respective Business partners reserve the right to credit the earned goX cashback to Main users no later than 30 days from the date of using the purchased Service, paying for the Service, or checking in/checking out at the accommodation establishment. This applies in the event of technical issues in the operational systems of the Business partners (e.g. Skidata, BlueGastro, cash registers) and purchases of Services on which Gopass programme members could earn goX cashback.
- 6.17** GOPASS SE reserves the right to assess and decline goX cashback crediting if the conditions for crediting are not met based on these GTC. If GOPASS SE determines that goX cashback was credited against these GTC, the company reserves the right to delete the improperly credited goX cashback from the Main user's goX wallet and shall notify the Main user accordingly.
- 6.18** If a Business partner accepts a Gopass member's complaint on a provided Service and refunds the purchase price, the Main user's goX cashback balance will be reduced by the amount of goX cashback earned on the refunded Service.

Using/redeeming goX cashback

- 6.19** Gopass members (Main users and their subordinate users) can use earned goX cashback as goX currency, i.e. by Main users to buy selected Services within the Gopass system, and by Main users and their subordinate users to buy selected Services from designated Business partners.
- 6.20** The list of Business partners where goX cashback can be used on Service purchases is attached as Annexe 1 to these GTC and available also at www.gopass.travel. - 6.24** Only Main users can use goX cashback for purchases within the Gopass system.
- 6.25** If a Gopass member has purchased goX credit, has also goX cashback available and wishes to use goX cashback for a Service purchase, goX credit will be used first, followed by goX cashback, i.e. **goX cashback cannot be used first if goX credit is available.**

Validity of goX cashback

- 6.26** The validity of earned goX cashback is time-limited. GoX cashback expires on 31.10. (midnight) each calendar year if the Main user and/or Subordinated user(s) have not earned any goX cashback on Service purchases within the previous 2-year (two-year) period before the expiry date (including) (hereinafter referred to as "**Period under review**"). In such cases, all goX cashback earned until the first day of the Period under review expires without compensation.

Example:

If a Gopass member has not earned goX cashback on Service purchases at acceptance facilities of selected Business partners or in the Gopass system between 31.10.2025 and 31.10.2027, their goX cashback earned until 31.10.2025 expires on 31.10.2027 without compensation.
